

Afkortingenlijst t.b.v. Supply Chain Management, Inkoop en Logistiek

Versie april 2011

Omstreeks 1990 werd mij als redacteur van het **Handboek Logistiek** gevraagd om een afkortingenlijst van inkoop- en logistieke begrippen op te stellen. Uit diverse logistieke boeken werden de afkortingen verzameld en in de lijst opgenomen. Dit initiatief is overgenomen door het blad Logistiek en leidde tot een ABC-boekje. Daar kwamen ook afkortingen in voor uit de dagelijkse praktijk of die vergelijkbaar zijn met de begrippen uit inkoop en logistiek. Deze lijst groeide gestaag in de daarop volgende jaren. Omstreeks 2005 is de lijst weer eens compleet herzien. Het werd in mijn ogen weer eens tijd om de lijst bij te werken. Deze lijst is steeds in ontwikkeling en wordt zeker aangevuld. Gezien het feit dat het vakgebied rondom logistiek steeds meer grensoverschrijdend is werd gekozen voor de gewijzigde titel waarin ook de begrippen inkoop en supply chain management integraal zijn opgenomen. Diverse externe bronnen zijn geraadpleegd. Een goed voorbeeld is de APICS Dictionary. De afkortingen zijn bijgewerkt tot de 13^{de} druk van deze Dictionary (2010). **De termen uit de APICS Dictionary zijn vet gezet.**

Als auteurs van het boek "[Werken met logistiek](#)" (WML) zien Ad van Goor en ondergetekende het nut om extra materiaal bij het boek te ontwikkelen voor studenten die verder gaan zoeken. Moge deze lijst daar een bijdrage aan geven. In de lijst zijn ook algemeen geldende afkortingen opgenomen die lijken op de logistieke afkortingen. Hierdoor wordt duidelijk welke afkortingen al gebruikt worden. Verkeerd gebruik kan namelijk verwarring opleveren.

Met 35 pagina's en bijna 1650 afkortingen denken we u een dienst van toegevoegde waarde te kunnen leveren. De zesde druk van WML uit 2011 met ISBN 978-90-01-79440-8 bevat de meest gebruikte termen op logistiek gebied. **Alle afkortingen uit de zesde druk van WML zijn met geel geaccentueerd.** Deze lijst is met een honderdtal afkortingen uitgebreid ten opzichte van de vorige versie. Het zou fijn zijn als u hier een bijdrage aan zou kunnen leveren door nog meer termen aan te dragen.

Het is duidelijk dat er ook fouten kunnen voorkomen in deze lijst. Hoezeer er ook gebruik gemaakt is van zorgvuldige bronnen, ook daar en bij het overnemen zijn er mogelijk vergissingen gemaakt. Het gebruik van deze termen is derhalve voor eigen rekening en verantwoording. Hier kunnen geen garanties bij verleend worden. Dit valt onder uw eigen aansprakelijkheid. Natuurlijk staan we open voor verbeteringen. Stuur u gerust een bericht met aanvullingen en/of correcties.
